Professional Summary

Results-driven Commercial Video Editor and DaVinci Resolve Colourist with 3+ years of professional post-production experience and 500+ completed assets across Egypt, Saudi Arabia, the UAE, and Canada. Specialised in high-retention commercial pacing, node-based colour management (DWG/ACES), and custom After Effects motion branding. Proven track record engineering social campaigns exceeding 950,000+ organic impressions and reducing client delivery lead times by 25% through standardised post pipelines.

Work Experience

Freelance | Lead Video Editor & Colourist

Remote | 02/2023–Present

- Directed post-production for 500+ commercial, educational, and event videos for international clients across KSA, UAE, and North America.
- Engineered high-retention pacing and motion hooks for Manarat AlMadinah (KSA), generating a viral 950K+ organic-view flagship asset and 290K+ cumulative supplementary views.
- Conducted advanced node-based colour correction and skin-tone matching in DaVinci Resolve for automotive and dining campaigns, boosting organic viewership by 50,000 views.
- Delivered complete multi-cam concert highlight packages for Tamer Hosny within strict 7-day deadlines, including audio mastering and beat-synced transitions.

Pixomia | Senior Post-Production Editor

Remote | 01/2025–07/2026

- Managed end-to-end post-production for 40+ high-tier Saudi corporate, gala, and VIP event assets from raw media ingest to broadcast master delivery.
- Reduced client turnaround times by 25% by engineering standardised DaVinci Resolve node trees and After Effects dynamic template packs (MOGRTs).
- Authored 15+ custom kinetic typography and lower-third brand motion packages adhering to strict enterprise brand identities.

The 12 Gate | Commercial Post-Production Contractor

Remote | 12/2024–01/2025

- Delivered 15+ high-impact real estate investment promos under rapid 48-hour turnarounds, surpassing 100K+ cumulative organic social impressions.
- Produced animated metric overlays, kinetic data callouts, and multi-track sound mixes tailored for vertical mobile distribution (9:16).

HT Media | Assistant Video Editor & Audio Specialist

On-site (Mansoura, Egypt) | 04/2023–07/2023

- Collaborated on 30+ broadcast and documentary assets, handling timeline assembly, footage sorting, and multitrack dialogue restoration across 50+ hours of raw media.
- Performed spectral noise suppression, EQ balancing, and multitrack mastering in Adobe Audition.

Videography

Freelance | Junior Videographer

2025–Present

- Capture product, event, and portrait footage using Nikon ZR (6K Cinema), with professional lighting and composition.
- Work with RAW/Log workflows, including RED R3D NE, Log3G10 and REDWideGamutRGB, alongside Nikon N-Log.

Key Projects

Manarat AlMadinah Educational Network (Saudi Arabia) | 2024–2025

- Student Founder Feature [950K+ Organic Views]: Engineered fast-paced narrative rhythm and visual hooks that maintained top-quartile retention. (Watch Clip)
- Student Recruitment & Campus Campaign [290K+ Views]: Cut high-converting testimonial sequences integrating synced sound design and polished colour passes. (Watch Clip)

Live Concert Highlight Package — Tamer Hosny | 2024

- Conducted multi-camera timeline synchronisation, dynamic speed ramping, live concert crowd audio balancing, and vibrant stage lighting grade. (Watch Package)

The 12 Gate Real Estate Group (Dubai, UAE) | 2024–2025

- Market Stability & Acquisitions Analysis [100K+ Views]: Animated financial data overlays and macroeconomic charts with sound-designed kinetic transitions. (Watch Clip)
